

APPENDIX E-292 P

LAST USER WITHDRAWN FOR SSC/FSSC 2, 3, OR 9 ITEMS

1. PURPOSE

This procedure is applicable to the processing of appendix F-292. This listing identifies nonstock items that require DSC review. The actions required to process this listing is contingent upon the Reason Code RE or UW and the corresponding IN-THE-CLEAR message reflected. When the last user has been withdrawn and retention or deletion of the DSC MOE Rule requires review, Reason Code RE will be reflected. A Notification of DSC Decision on Withdrawal Transaction, DIC ZSM, will accompany this listing to annotate the Item Manager's (IM) decision to either retain or delete the DSC MOE Rule. When the last user has been withdrawn and the DSC MOE Rule is being deleted and the item has assets on hand in other than Purpose Code A, or Condition Code A through G, or assets due-in, Reason Code UW will be reflected.

3. RESPONSIBLE ORGANIZATION ELEMENT

The IM within the Directorate of Supply Operations (DSO) is responsible for executing the procedures described in this appendix.

4. PROCEDURES/INSTRUCTIONS

a. Procedures applicable to listings with Reason Code RE:

(1) This listing is output monthly to indicate the last user has been withdrawn on a nonstocked NSN and the DSC MOE Rule exists. This listing will be accompanied by a Notification of DSC Decision on Withdrawal Transaction, DIC ZSM, when one of the following conditions exist:

(a) The Industrial Plant Equipment (IPE) Designator Code is I.

(b) The Date of Last Demand is less than two years from the processing date.

(c) The War Reserve Classification Code is H.

(d) The item has an Other War Reserve Materiel Requirement Protectable (OWRMRP) quantity, Special Program Requirement (SPR) quantity, or Fleet Issue Load List (FILL) requirement quantity.

(e) The dollar value of assets on hand exceeds \$ 0.01.

(2) To preclude automatic deletion of assets on hand or the erroneous deletion of a NSN and its subsequent reactivation, the IM should coordinate the following additional actions:

(a) Contact DIPEC to coordinate the disposition of assets on hand in accordance with appendix E-256 P.

(b) Contact the War Reserve Monitor in the DSO to coordinate the transfer of applicable funds to other items. Prepare a OWRMRP Increase/Decrease transaction in accordance with appendix E-181 P.

(c) Contact the applicable Service/SPR Monitor in the DSO to coordinate the cancellation of the SPR requirement. Prepare a Special Program Requirements transaction, DIC NYC, in accordance with appendix B-49 and chapter 58.

(d) Contact the FILL Monitor in the DSO to coordinate the deletion of the FILL quantity. Prepare a FILL Item Change transaction in accordance with appendix E-184 P.

(e) On items with assets on hand that meet qualifying dollar value criteria, a review by the Directorate of Technical Operations is required to determine the items substitutability/interchangeability. Prepare a Request for Routing Technical Assistance in accordance with appendix E-279 P.

(f) Initiate disposal actions in accordance with appendices E-031 P or E-313 P.

(3) After completing the appropriate actions, process the DIC ZSM by annotating the appropriate retention or deletion decision in accordance with appendix E-153 P.

b. Procedures applicable to Reason Code UW:

(1) This listing is output monthly to indicate the last user has been withdrawn and the DSC MOE Rule is being deleted. Also, this nonstock type item has assets on hand in other than Purpose Code A, or Condition Codes A through G, or due-in.

(2) The IM should initiate action to cancel dues-in in accordance with appendix E-506 P.

(3) Review the Purpose Code or Condition Code(s) of assets on hand and initiate the appropriate action as follows:

(a) If the Purpose Code is other than A, determine if the Purpose Code is valid. If the Purpose Code is no longer applicable, initiate action to change this code in accordance with appendix E-022 P.

(b) Determine if disposal action is appropriate and process in accordance with appendix E-031 P or E-313 P.

5. FLOWCHART

Flowchart not required.
